

HOCKINSON COMMUNITY EDUCATION PROGRAM

MAD SCIENCE

Join the Mad Science Club and stay after school for hands-on science fun with cool program topics and take-home projects. Mad Science uses exciting activities and spectacular demonstrations to capture the attention and imagination of children and instill a clear understanding of what science is really about.

Chemical Clues Session 2: Dry Ice — Capades Freeze water in a matter of seconds, produce dense clouds of vapor and make metal sizzle! See color-changing potions and watch steel rust rapidly before your very eyes. Learn the advanced techniques of chemists and experience hands on how the professionals investigate the properties of mixtures and solutions. Don't forget to put your gloves and safety goggles! This isn't magic...this is chemistry! ****students do not need to participate in session 1 to register for session 2*
