HOCKINSON COMMUNITY EDUCATION PROGRAM

Pickleball

(Adults)

A fun sport that combines many elements of tennis, badminton and ping-pong. Played both indoors and outdoors on a badminton-sized court and slightly modified tennis net. Played with a paddle and a plastic ball. Great sport of all ages. Masks are required unless you are actively playing a game of pickleball. 12 session fees available per night and 4 walk-ins available per night. Walk ins are first come, first serve, $5 drop in fee per night, per person.

Sessions:	*Tuesdays*	*October 5 - December 14 (11 wks)*	*$45*
	Thursdays	*October 7 - December 16(9 wks)*	*$35*
		(no gym 11/11 & 11/25)	

Location: *Hockinson Community Center Gym (aka Old Middle school gym)*

Bring: *A pickleball paddle and ball*

Do you have any medical conditions or allergies of which staff should be aware? Yes o No o

If yes, please explain: _____

Hold Harmless Agreement and/or Parent/Guardian permission for youth participation (required for all ages): In the event of an emergency I grant permission for emergency medical treatment to be given and I agree to pay all medical bills not covered by the insurance company listed below. I release the Hockinson School District from responsibility for any bills resulting from injuries incurred in these programs. I also give my permission for my child to be photographed and for such photographs to be released for publicity purposes. While no sports physical is required for my child to participate, I understand that my child should be in good physical condition appropriate to the activity, and that a current physical exam is strongly recommended. I have listed information regarding allergies or other medical conditions about my child of which staff should be aware.

By signing this, I have read and understood the WA State Concussion Law at http://www.cdc.gov/ConcussionInYouthSports/. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a "ding" or a bump on the head can be serious. You can't see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away. For current and up-to-date information on concussions you can go to: http://www.cdc.gov/ConcussionInYouthSports/ I have also read and understood the SCA Awareness Act at http://www.ssb5083 - **Sudden Cardiac Arrest Awareness**. Some heart conditions at risk for SCA can be detected by a thorough heart screening evaluation. Young athletes who suffer SCA are collapsed and unresponsive and may appear to have brief seizure-like activity or abnormal breathing. SCA can be effectively treated by immediate recognition, prompt CPR, and calling 911.
