

	Question(s)	Answer(s)
1)	<p>Prior to parents deciding whether to opt out, will the District commit to allowing parents complete access to all content to be taught so we can make an informed decision?</p> <p>Perhaps the course materials for each grade can be accessed in a parent portal.</p>	<p>Yes. You can request to preview the curriculum being taught once the board adopts it. We want parents to make informed decisions.</p> <p>Materials will be available for review (in buildings, on-line, etc.) We will look into using a parent portal.</p>
2)	<p>My tax dollars are meant to be spent on scientific based reproductive health and information, not some gender confused popular opinion at this time agenda. If the school can't teach what is correct vs teaching off of pressure from our state then I guess I have been deceived into thinking they care about our children.</p>	<p>The bill does not contain specific language requiring instruction about gender. This is a district decision.</p> <p>You know your child best. Moreover, we respect your decision to opt out, if you so choose.</p>
3)	<p>How do we opt out of having our student participate in this curriculum?</p>	<p>There will be a form for you to fill out. We will let you know when and where it is available.</p>
4)	<p>I would like to know exactly what content will be discussed grade by grade. Not a general idea. I would like to know the information, content, and words that will be discussed with our students and when/what age they will be discussed with the students.</p>	<p>You will have the have access to all of the curriculum content.</p>
5)	<p>Is it possible to get a preview of the curriculum that will be taught for 8th graders and beyond?</p>	<p>Yes, once the board approves the curriculum, parents will have access to it prior to it being taught.</p>
6)	<p>As a Hockinson Middle School students parent, I would like to express my concern with gay agenda along with self-pleasing sex education. If school continues controversial gay education, we will proceed to home schooling.</p>	<p>The bill does not contain specific language requiring instruction about gender. However, the curriculum must be inclusive of all students, regardless of their protected class status. This is a district decision.</p>

		<p>You know your child best. Moreover, we respect your decision to opt out, if you so choose.</p>
7)	<p>I have no questions regarding the bill. I do, however, want to reach out to tell you that I fully support the bill and offer my support as the district works to implement the required curriculum. I hope the implementation goes smoothly and that the issue does not become to overly politicize within the district. Kids need sound information, and I believe the the SEL component for the youngest kids is of great value and importance. It will give them a common language to express themselves to adults at home and in school.</p>	<p>We appreciate your comments.</p>
8)	<p>I would like to know exactly what content will be discussed grade by grade. Not a general idea. I would like to know the information, content, and words that will be discussed with our students and when/what age they will be discussed with the students.</p>	<p>You will have access to the entire curriculum before it is taught.</p>
9)	<p>Will we be provided the FULL curriculum for each grade during the meeting tomorrow evening so we can see what exactly the school will be teaching to our children? I heard there are 4 different curriculums for WA state schools.</p> <p>If we opt out for our child what will they do in place during this class time?</p> <p>Will there be any kind of videos shown for the sex health class? If so, what kind of videos EXACTLY will be shown for each grade? Rumors are that</p>	<p>You will be able to look at the full curriculum once the Board adopts it. The State has some recommend curricula on their web site and are reviewing at least 2 more mainstream curriculums.</p> <p>Students who opt out will be given an alternate health assignment.</p> <p>If we do adopt videos, you will be able to preview them. No graphic videos will be shown.</p> <p>The bill does not contain specific language requiring</p>

	<p>there will be mild graphic videos of 2 people having intercourse.</p> <p>Will there be anything taught about sexual preference such as gay, bisexual, LGBTQ etc?</p> <p>Will the school be including ANYTHING in regards to gender identification in ANY of the grades sex health classes? If yes, what will be taught?</p> <p>What details can you provide for the students in K-3 for what exactly will be taught when we are told Social/Emotional education?</p> <p>What teachers for which grades will be teaching this subject, their homeroom teacher or a separate teacher?</p>	<p>instruction about gender and gender identity.</p> <p>However, the curriculum must be inclusive of all students, regardless of their protected class status. This is a district decision.</p> <p>You know your child best. Moreover, we respect your decision to opt out, if you so choose.</p> <p>Currently, we do not have an adopted SEL curriculum. The law does not mandate SEL to be taught until 2022-2023. If a curriculum is adopted, you will have access to the curriculum. Having a SEL curriculum is not required by law. SEL is really about learning how to get along with each other, how to communicate in a respective way...to be a good citizen.</p> <p>This has not yet been decided.</p>
<p>10)</p>	<p>I'm hoping that as families we can educate our own students in Sexual Education. Can families opt out?</p>	<p>Yes. Families can definitely opt their students from the CSHE curriculum and will be given an alternate health assignment.</p>
<p>11)</p>	<p>Evidence-informed? What is the evidence? On the contrary, sexual education for elementary minds is detrimental to their development. Sexual education needs to come from the home. Spending time to teach health education takes away from</p>	<p>Refer to "30 Decades of Research: The Case for Comprehensive Sex Education"</p> <ul style="list-style-type: none"> <li>▪ Teaching is NOT promoting</li> </ul>

	<p>what our primary responsibility is as educators -to teach students how to think through mathematical problem solving, and how to read and write.</p>	<ul style="list-style-type: none"> <li>▪ Personal/Family Values – the role of the FAMILY</li> </ul>
12)	<p>We, as parents, would like to view the sex-ed video before we decide to consent to it or opt out for our 5th grader. Where can we view it?</p>	<p>A letter will go home from the school 30 days in advance of the instruction. The letter will include instructions on how to view the 5<sup>th</sup> grade video.</p>
13)	<p>I would like to know exactly what content will be discussed grade by grade. Not a general idea. I would like to know the information, content, and words that will be discussed with our students and when/what age they will be discussed with the students.</p>	<p>Once adopted by the board, you will have the opportunity to review the curriculum.</p>
14)	<p>If we opt our student out, what are the options for them to get credit for class? Will they still have enough credit for graduation requirements?</p> <p>Who developed the curriculum?</p> <p>Can we opt out student out of portions of the class but not the entire class?</p> <p>Will parents be provided with a syllabus so we can decide if we don't want our child taking the entire class or parts of it?</p>	<p>Your student will be given an alternate health assignment. As long as they do the assignment, they should be just fine.</p> <p>We do not know yet.</p> <p>Health standards are required by the state. You can opt out of the comprehensive health education curriculum. You can opt out of the entire unit or just a lesson.</p>
15)	<p>As I read through the parent email that was sent on 2-10-2021, and followed the links to the related OSPI CSHE site, I was presented with the below. As a school community, did we ever get presented with the option to develop our own curriculum on this topic, or was it just assumed we would follow the OSPI-provided curriculum?</p> <p>Following the curriculum links that were on the OSPI page, I saw that videos related to gender identity, sexual consent topics, etc. were on</p>	<p>Creating our own curriculum on this topic, would be a tremendous amount of work and it would still need to go through the state vetting process to meet the requirements of the law.</p> <p>The bill does not contain specific language requiring instruction about gender and gender identity.</p>

	<p>tap to be shown to the students. Aside from seeing these topics <i>listed</i>, there seemed to be no further links to the actual learning points covered under each topic, or links to the actual videos &amp; such that would be shown so that, as parents, we can get a preview of what will be covered.</p> <p>Where can we get exact talking points on all topics to be covered and the ability to preview all videos &amp; materials?</p>	<p>However, the curriculum must be inclusive of all students, regardless of their protected class status. This is a district decision.</p> <p>You know your child best. Moreover, we respect your decision to opt out, if you so choose.</p> <p>Once the curriculum has been adopted by the board, parents will have the opportunity to preview all of the curriculum.</p>
